

Plasma Cutter

BLUE ARC CUT160

The **BLUE ARC** Cut 160 is professional high-end cutting inverter equipped with the latest IGBT technology.

This technologically advanced plasma inverter is extremely user-friendly and offers consistently reliable cutting performance.

The machine provides variable cutting control that allows the operator to produce precise smooth cuts.

Key Features

- IGBT plasma cutting inverter
- Wheel mounted
- Variable cutting control
- HF ignition.
- LED display
- Smooth precise cutting
- Simple operation
- IN-built pressure regulator
- Suitable for automated cutting
- CNC connection for automation cutting

Technical Data

AC415V - 50/60Hz

Range 30 - 160

Clean 45mm
Severance 50mm

Power Factor 0.99

Dimensions (LxWxHmm)
676 x 333 x 712

Input Power 29.2

Duty 160A@60%

220 Ltr/Min @ 5bar

Class:IP21/F

55

Package I ncludes

Inverter power source, Earth return lead,
Operating Instructions, Plasma torch.

Not Included

Replacement plasma torch consumables
